

OCTOBER 16, 2017 11:45AM to 12:15PM	
<b>Location</b> <b>Attendants</b>	Thode Library Mevin Mathew, Shalmi Patel, Diya Mathews
<b>Goals for Today's Meeting</b>	Come up with a plan for the proof of concept.
<b>Notes</b>	We were able to plan out every page in the application. We will have a page for viewing all past transactions, another page for entering a new transaction. On the homepage we will display the total expense amount for the month, possibly with a picker to select other months as well. We will also be able to set a monthly budget on the settings page. We will have an about page which will display information about the platform we are using to code this application.
<b>Accomplishments from the Meeting</b>	Developed a layout for the application.
