PocketSaver.Views.Home.HomePage

```
graph BT; A[PocketSaver.Views.Home.HomePage] --> B[ContentPage]; A --> C[ContentPage];
```

The diagram illustrates a class hierarchy. At the bottom, a box labeled 'PocketSaver.Views.Home.HomePage' has two arrows pointing upwards to two separate boxes, both labeled 'ContentPage'. This indicates that 'PocketSaver.Views.Home.HomePage' inherits from or implements both 'ContentPage' classes.
